Roger!
Let's switch to Plan B.
Huh!? I'm working hard here, Weasel!
And enough with the chat, Snake!
Looks like this was another failed experiment.

That's why we're just absorbing their imagination like this.
They used to be test subjects, like the two of you.
But they didn't get to the third stage of evolution and failed.
they function as the fuel.
To bring in the next test subjects.....
Until my experiment is over, which could be for the rest of their lives.
They remain asleep even in the real world.

I told you This is a virtual world. Everything is just as planned.
Of course, I planit!
This can't be real!
Since when are we in a virtual world?What's happened to me in the real world!?
The cops are going to come and find us!
Hahaha How are they going to help you when you're in a virtual world!
You want to sleep alongside me!?
Hee hee hee You're probably better off not knowing

You fell off the school roof.....
It was a miracle you survived.
Are you more miserable in the real world!?
Uuuggghhh!
Hee hee hee! Says a guy that attempted suicide.
This is all because of your own actions
Can't you please help us?

you need to die in this world.
Show us the third stage of evolution soon. Or else
Then you'll be joining these people!
Give me back my reality!
No! I don't want to!
Level 1.0
Steel Ruler Blade
Give it baack!

Wha!?
The Ultimate Shield
I am security itself! There is no fighting back!
Hey hey I'm the administrator of Arcana

I'm special. I possess four sacred treasures.
The mighty powers are infinitely provided by Arcana.
Darn it!
You alone cannot do anything about it!

Added Level 50 Steel Ruler Blade
Then how about this!
Oof! Too heavy! I can't move it!
Looks like you've found your limit.

Dummies! Come and get them!
Now let's start the survival game!
Eeya! Don't touch me!
What are you doing? Let me go!
Do something Yamamoto! Use your powers!
Level ……!

They are all fake dummies!
Even so, I can't!
I can't. I don't want to hurt them!
Even if they're not real ……
they are my family!
Aaaah!
My lady! This way!

Huff huff
There's got to be... ... There's got to be a way.
Way out!? Where could it be?
I don't know!!
I'm going to look for a way out.
Hey! Where do you think you're going!?

If there's no exit, we'll find a way to run off to the end of the virtual world!
Hold on, Misaki-san!
?
Level 40 Power Pole!!
What!? Eeek!!

Where .....!
Where are we?

It doesn't look like they're coming after us
Do you really want to go back, Yamamoto?
Man, what are we supposed to do!?
I don't have a place to go back to anyway
I'm better off being stuck here

There is a way out
If we stay in this world, they're going to keep pursuing us!
We could jump off from here
.....!

Are you coming with me, Yamamoto?
Don't stop me this time.
Misaki-san.
I am...

The real world sucked for sure.
I am not giving up.
I did think about killing myself
I was bullied. I was falling behind in class.
I want to go back.
But that's going to change from now on.
But I was just running away so I didn't have to think about it
I wasn't using my imagination ...!

I've finally made a friend like you
Is that my eighth-grader syndrome talking?
Misaki-san, you too can....
No, I can't!
My reality would never change
It could never change!

Mother.
Don't ever ……
call me that.
I have no intention of going back……
Goodbye.
My lady?
I didn't..

It was my first time to have a real friend too.
So stupid, eh?
Rustle...
Hey, that was quite a performance.

I didn't do it for you.
I know.
You know why we decided to use you in this experiment, right?
Yes.....
Yes..... Erika here.
Things are going as planned.

To push the test subject right to the edge
and kill him.
We're going to impose the third stage of evolution. The Final Plan.
Mothe..... I mean, Master.
What?
No.
Never mind.
After this experiment is over.....

Yamamoto,
this is my reality.
